UPDATE

29.11.2024 (All information subject to change) All animals sold in presence in Leer have not been tested for BTv3. Direct shipment within Germany as well as to Belgium and the Netherlands is possible - direct transportation to other (European) countries is currently not possible! For further information, please contact the GenHotel and VOST sale team. All milking heifers are tested negative for Leptospirose!

For German and Belgian buyers: if you buy an animal, housed in The Netherlands, the seller guarantees that:

- this animal will be tested Blue Tongue virus negative before it enters the quarantine for export to you
- as soon as possible after the Sale this animal will go into quarantine for delivery to you 1 month later
- if this animal has not entered the quarantine before mid-February 2025, the buyer is free to cancel the purchase
